Photography/Video Tape Permission Slip

Geneva Day School is fortunate to have a video camera and digital camera. School personnel may film the children during school hours from time to time as they participate in some school activities. These pictures might be used:

1. To enhance the school's publications, such as the monthly and alumni newsletters.
2. To evaluate a student's progress.
3. For assessment of teacher effectiveness.
4. To share with parents at class events or meetings.
5. To show professionals in the field of education.
6. To record other activities appropriate to the objectives of the school.

These films will not be sold.

We, _____, hereby give permission for _____ to be filmed or photographed during regular school activities by school personnel only for the purposes listed above.
