

Summer Program General Information

Campers

Please send a tote bag each day that is well marked with your camper's name.

Please also send a lunch bag marked with your child's name with NO ice pack. After we collect lunches we will refrigerate them. We will provide milk and water on a regular basis.

Due to an increase of extreme allergic reactions (potentially life threatening) to peanut butter and all peanut products (including peanut oil), Geneva has made a commitment to eliminate these from the school. Peanut butter will not be served as a snack. We are asking that **NO** peanut butter sandwiches, cookies or other baked goods containing peanut products be sent to school with your child. We realize that this may cause some inconvenience to some of eaters, but we feel that the health of Geneva children with these intense reactions must be our highest priority. Thank you in advance for your cooperation.

Children will begin their day indoors. They will go on the playground later during the day. They will place their tote bags on a hook in the classroom and place their lunches in a large plastic bin.

If your child is interested in water play, please bring your child dressed for Water Play with **water shoes**. Bring a towel and a cool, comfortable change of clothes. If your child is not interested in water play that morning, please pack their water play things just in case they change their minds. Please label **everything**.

Crafts can be messy, so do not dress your child in his or her best clothes. Please have your child dress in tennis shoes, as they are safer and sturdier. Please do not wear sandals, flip-flops, or crocs.

Because we go outside every day, please apply sunscreen and bug spray at home before camp. Counselors will not apply sunscreen or bug spray for children attending half-day camp.

For those children who stay **until 3:00 p.m.**, counselors will be able to apply sunscreen and bug spray after lunch. Sunscreen and bug spray will need to be provided by parents with written authorization to apply. Please keep the sunscreen and bug spray in your child's tote bag.

If you plan on having your child **nap**, please send in a blanket to be returned at the end of the week.

Children who are not potty-trained will need to bring **disposable diapers and wipes** in their tote bags. Counselors are not able to apply a special powder or ointments.

Please send a change of clothing in a zipped plastic bag in case of accidents. Please label **everything** with your child's name.

Summer Program

Weekly Themed Sessions

Parents

Please inform Geneva in writing of any allergies or health concerns of your child.

Please pick up your child PROMPTLY at dismissal time, as staff members may have other commitments. Dismissal from **12:30 – 12:45 p.m.** for the **Half-Day Session** and **2:45 – 3:00 p.m.** for the **Full-Day Session**.

Drop-Off Instructions

The drop-off procedures are as follows:

1. Please enter the school property from Seven Locks Road.
2. Form a line next to the school building, with the first car in line stopping close to the gate to the playground.
3. Please display the carpool number on the dashboard so the counselors can gather your child and escort him/her to their classroom.

Pick-Up Instructions

The pick-up procedures are as follows:

1. Please enter the school property from Seven Locks Road.
2. Form a line next to the school building, with the first car in line stopping close to the gate to the playground.
3. Please display the carpool number on the dashboard so the counselors can gather your child and escort him/her to your car.
4. When your car is next to the school entrance and steps, a staff member will help your child get into your car.
5. After your child is placed in your car, please drive to the rear of the parking lot, stop in a vacant parking space, and buckle in your camper.
6. Exit the school property using the driveway that leads onto Goya Drive.

Due to an increase of traffic on Seven Locks Road, we ask everyone in carpool to pull as close to the car in front of you as possible when waiting in line. Also, for the safety of all our families, PLEASE do not use your cell phone once the line begins to move. In addition, PLEASE DO NOT unbuckle your child in line. We realize that the lines may be long and moving slow. Thank you for your patience and compliance for the safety of all the children.

Before & After Care Drop-Off/Pick-Up

Before and after care drop-off and pick-up will take place at the first classroom door in the carpool line (door with steps). Please park, walk to the classroom door, and ring the doorbell for a staff member to open the door.

COVID-19 Policies:

As of May 6th 2022, subject to change.

Masks will be **optional in both indoor and outdoor spaces**. If you would prefer your child wear a mask, please let your child's counselor know at the beginning of the session week.

We will be requiring weekly **PCR testing** for all campers and staff. Testing will take place at Geneva every Tuesday from 11am to 1pm. Our staff will take the children to get tested as a group. Please complete the one-time registration using the link below prior to the first week of our Summer Program. Results are provided in 24 hours and also reported directly to the school. There is no administrative fee, as insurance companies and other funding will pay for the screening. If you prefer not to test at Geneva, please let the office know, have your child **PCR tested** at another location on that day, and send the results to the office.
